- Database (MongoDB)
- Programming language (JavaScript, NodeJS)

Soft Skills

- Work culture
- Good Communication
- Ethical Values
- Time management

Projects

- **Project Title:** Vaishnavi Interiors
  Platform Used: VS Code
  Description: Established in 2009 in Hyderabad, Vaishnavi Interiors is a leading interior design firm founded by experienced architects, designers, and decorators. They specialize in turnkey design solutions for residential, commercial, hospitality, retail, and healthcare projects—delivering stylish, budget-friendly, and timely interiors

- **Project Title**: Livspace
  Platform Used: VS Code
  Description: Livspace is a home interior and renovation platform that provides end-to-end interior design solutions, including modular furniture, customized interiors, and home renovation services. They combine technology-driven design tools, professional designers, and curated vendors to deliver personalized interiors to customers across India.

- **Project Title**: Ugaoo
  Platform Used: VS Code
  Description: Ugaoo is India's leading direct-to-consumer online gardening brand offering a wide range of plants, seeds, planters, fertilizers, tools, and more—with fast and safe delivery across the country. They combine their own 25-acre farm, in-house horticulture expertise, innovative packaging, and omnichannel reach (website, app, own stores, and platforms like Amazon and Flipkart) to drive modern urban gardening and seamless customer experiences.

- **Project Title**: Sri Chaitanya SCORE 2025
  Platform Used: VS Code
  Description: Sri Chaitanya SCORE (Sri Chaitanya Outstanding Achievers Reward Examination) is a national-level scholarship and talent search exam designed for students in Grades 3 to 12 across India. Conducted by Sri Chaitanya Educational Institutions, the exam aims to identify and reward talented students aspiring to excel in competitive exams like JEE, NEET, and board exams. SCORE offers scholarships up to 100%, cash rewards, gadgets, mentorship, and even educational trips to NASA.

- **Project Title**: Chennaiproperties.in
  Platform Used: VS Code
  Description: Chennaiproperties.in is a trusted, hyperlocal real estate portal focused exclusively on Chennai. It helps individuals, brokers, and developers buy, sell, or rent residential and commercial properties, offering quality-verified listings, transparent packages, and lead-generation services—while facilitating connections without mediating transactions directly.

- **Project Title**: Podar Education
  Platform Used: VS Code
  Description: Podar Education runs its own schools and also lets others open Podar schools through a franchise model. They make money from student fees and franchise charges, while giving partners ready-made curriculum, training, and full brand support to grow across India.
